The Cotton Crop.

(By Telegraph to Virginian-Pilot.)

Washington, D. C., May 10.—The cot-ton crop report for May, issued to-day by the Department of Agriculture, is as follows:

"The cotton report for the month of May indicates merely the belief of correspondents, on May 1, as to the inten-tions of planters regarding the acreage to be planted, and the estimates being liable to modification during May, they should be regarded merely as a general indication of the strength of the ten-dency toward an enlargement or re-duction of acreage.

"In every cotton-growing State the Indications on the 1st instant pointed to a reduced acreage, with a corresponding decrease in the sale of fertilizers, and an increased acreage in the various food cross."

The probable reduction, by States, is

as follows:
"In Mississippi and Indian Territory.
5 per cent.; in Alabama, 8; Texas, 9;
Arkansas, 10; South Carolina, 11; Louisiana, 12; Georgia, 13; North Carolina
and Tennessee, 14, and Oklahoma, 18

"No estimate of the total reduction will be published until next month, when the final reports on planting will be compared with the revised acreage agures for last year."

Mr. John H. Starin, of New York, has purchased the dredge, mud dumper and Mercy B., of the Eaker Wrecking Company, and they are undergoing repairs at Thomas' ship-yard.

Rev. Charles I. Stengle preached at Liberty Street Church, South Norfolk, last night, a sermon of great power Twenty-five persons raised their hands for prayer and twenty came forward.

In felling a number of magnificent oak trees on the Lawrence estate at Cottage Farm, one of the suburbs of Rossion, the other day workmen found imbedded in the wood large quantities of grape shot. The fact that these missies plowed their way into the trees over 124 years ago is pretty well authenticated, for it is well known that the section of the country in which the cake grew was swept by artillery during the slege of Boston, in 1775.
